

# BENEFITS OF HIRING 4 PAWS PET SITTING

## INDIVIDUALIZED CARE

We cater exactly to the needs of you and those of your pets. Same routine. Same schedule.

## EAT THEIR OWN FOOD

**GUARANTEED.** Pets are fed their own food at all times. Eating other food suddenly can cause gastrointestinal distress.

## NO TRANSPORTATION STRESS

For you **OR** your pet! No drop off or pick up times and no unnecessary anxiety if your pet doesn't like car rides!

## IT'S ALL ABOUT YOUR PET

Everything occurs with your pet, for your pet. They stay in the comfort of their own home and in their own bed.

## PROTECT YOUR HOME

Your house is also safeguarded while you're away. Whether you're at work for the day or for a longer period of time, we will take care of your mail and water plants.

## LESS CHANCE OF BECOMING ILL

Distemper, kennel cough and intestinal parasites can lead to your pet's discomfort, a vet visit and vet bills. Kitties and puppies are especially susceptible.
